

Meeting 2

- Before the Meeting
 - **Text your group and have them download the FBCR App beforehand.**
- Step 2
 - This is the first of many times you will be prompted to access the online material to guide your discussion.
 - You will want to do two things:
 - Show them how to access the material (online or in the FBCR App).
 - Show them what resources are available.
 - Website Consists of 4 Parts
 - Video
 - You'll watch this video in your group the first time because they need to learn how to navigate the material.
 - Discussion Questions
 - This isn't an assignment. Don't feel the need to get through all of them. It's better to go deep with just 1 question than to rush through all of them.
 - **Questions 1, 2, & 4 are my favorite.** If I don't have time for all 5, I'm focusing on these 3.
 - **Be the first to be honest. They will follow your lead.**
 - **Everyone struggles. We are all sinners. Let's not pretend we are someone we aren't. Set the tone by being honest first.**
 - Bible Backing
 - If you want work through the Biblical backing, you can. But remember you need to save about 15 minutes for GO time.
 - Read the verses and simply ask, "Did anything stick out to you?"
 - Tools
 - Tell them there are extra resources for you to look into for each meeting.
 - Example GOs can be super helpful.
 - You can use these if you get stuck on coming up with a GO to take.
 - Show them Important Features
 - Forgot your book (top right corner).
- Step 3
 - This is the first time you will Pledge to take a Risk as GO Group.
 - Follow the instructions and use the Example Risks and the Risk Suggestion in the top right corner of page 8 if you get stuck.
- Next Meeting Objectives
 - Read the paragraph.
 - **Make sure you let them know they need to complete Step 3 of Meeting 3 before next time. Meeting 3 won't work if everyone doesn't do this.**
 - Step 3 is called the Life-Line exercise. It's a way to share your testimony in 5 minutes.
 - It's powerful!!! Make sure your group comes prepared.
- After the meeting
 - **Because I am forgetful, I always set a reminder on my phone to check-in with the group on how they are doing with their goal.**
 - You can group text/email, or you can check in individually.
 - It's not a bad idea to give your people a call every once in a while.
 - **The more you relationally invest as a leader, the better chance of success your group will have!**
